TRUSTEES SEEK \$1.7 MILLION FOR THREE SCHOOL PROJECTS

Councilmen Set To Firm New Budget

City Councilmen completed their first probe of the new fiscal budget Friday night and are ready early next month to start finalizing the individual department requests.

Main decisions in the '58-'59 budget before it is officially adopted by the end of July rest with the council's action on a requested 3 to 5 per cent pay hike for city employees, addition of needed fire and police personnel, elimination of the job of city purchaser, and capital outlay "priority" determination.

Mayor Micheal DeBernardi and Councilmen Francis Pacelli and Bob St. Clair will discuss the pay hike requests, particularly the matter of fringe benefits, at the North County Council of Cities meeting this Friday in San Bruno. DeBernardi said the council in study (Continued on Page 2)

Elementary Board Asks State Aid

Elementary school trustees Monday night passed a resolution asking the State Allocations Board at its July 9 meeting to give the district more than \$1,730,000 for the construction of the M. Pauline Brown and Fernando Rivera (Westlake Basin) K-6 schools and for three classroom additions to Olympia school.

Supt. H. Z. Weibel gave the following cost-to-build breakdown on the projects: Brown school, \$927,076; Rivera, \$650,808, and the Olympia additions, \$151,503.

He said the Brown project was higher than Rivera because of the necessity of moving dirt. The basin school will involve a minimum of grading.

Both new K-6 plants should be ready by May of 1960 and bids for the nine-months Olympia project will be let this September, according to Weibel.

Only three trustees were on hand for last week's regular meeting, held earlier due to Westmoor High graduation. Mrs. Katherine Mullen and Michael Callan were unable to attend.

Next week's regular board meeting (Wednesday evening) will be preceded by a closed personnel session on salary projections for the two assistant superintendents, Dr. Vinton Stratton and Dr. David Shapiro.

'SOS' SCHOOL GROUP MEETS AGAIN TUESDAY

By Orphe White
Another meeting in the current series of public information meetings of the Save-Our-Schools committee is scheduled next Tuesday at 8 p.m. in the multi-purpose room of Benjamin Franklin school.

Parents of all newly-registered kindergarten children have been or are being invited to hear Supt. Henry Weibel, Dr. Vinton Stratton and Dr. David Shapiro of Jefferson Elementary School district explain and outline the educational program offered in the schools.

A capacity crowd is expected and any and all questions posed by the audience will be answered. Anyone interested is invited to attend.

Contributions have been made of time, labor and material by many individuals in the community so that expenses will be kept at a minimum. Community cooperation "has been outstanding in coming to the aid of our schools," an SOS spokesman remarked. (Continued on Page 2)

PRINCIPALS, DEANS ALSO BOOSTED

High School Chief Gets Pay Hike, New Contract

In one fell swoop, high school trustees Monday night in special session gave Supt. Ed Morgan a \$1000 boost in yearly pay and a new four-year contract, raised the salaries of principals and deans, established the first-ever-here position of director of instruction, and authorized the titles of assistant principals.

Morgan, who joined the district in 1956, had not asked for a salary hike this year, but trustees commended his performance and cited his heavy work load in upping his salary from \$14,500 to \$15,500.

Even with the \$1000 boost, trustees reminded that the superintendent's salary is still the lowest in the county for a secondary school chief.

Ivan Appointed

Dr. John Ivan, 42, dean of boys at Jefferson, was appointed the district's first director of instruction at a salary of \$10,000 a year. He also will continue to supervise the adult night program and summer school until the third district high school is completed. His duties will be so heavy by then that curriculum will be his full-time commitment.

Successor to Ivan at Jeff High in the dean of boys job was not determined Monday.

GRACE KEARNY RETIRES FROM TEACHING HERE

Miss Grace Kearny, a teacher in Jefferson Elementary School district for more than 25 years, is retiring from the profession.

Supt. H. Z. Weibel last week presented her with a retirement certificate on behalf of the district, as friends and fellow teachers met to give her a farewell sendoff.

Miss Kearny taught for many years at Crocker school. Past few years she has served with the district library staff at Thornton school.

183 Students To Attend JESD Summer School; Starts Monday

School starts again at 9 a.m. this coming Monday for 183 public and parochial school students who will be attending Jefferson Elementary School District's six-week summer school, at Woodrow Wilson.

This largest-ever enrollment makes this summer's session almost twice as large as last year's enrollment of 96.

Summer Principal Carroll Martindale announces that the following will comprise the teaching staff of the school: Mrs. Petrea Price, Mrs. Nan Cooper,

Principals John Mongan and Glenn South received \$930 increases in yearly pay by board edict Monday night. They thus go from \$10,650 to \$11,580 each—still lower than other districts.

Louis Martin and Thanos Panagoulas were elevated to the titles of assistant principals at Jefferson and Westmoor, respectively. Their present salaries were hiked \$1000 each per year. Martin will get \$7700 and Panagoulas \$7200.

The four dean positions got salary hikes amounting to \$400

Dr. Katz Hired As High School Psychologist

Dr. Margaret Katz, the past three years employed by San Mateo Elementary School district, has been hired as Jefferson Union High School district's first district psychologist.

She takes over the expanded duties of Miss Beatrice Moldrup, who is retiring this month. Dr. Katz received her doctorate from Adelphi College in New York. Her internship was served at Bellevue Hospital, New York, considered the foremost psychological clinic in this country.

Her salary here will start at \$7500.

Daly City Honors CAA, Police League

Mayor Micheal DeBernardi has proclaimed June 23 as "Civil Aviation Day" in Daly City and has designated next week here as "Civil Aviation Week" and "Police Athletic League Week."

Daly City is joining with cities throughout the nation marking the 20th anniversary of the Civil Aeronautics Administration. "PAL Week" honors the Daly City police and performers in the year-old youth organization.

Mrs. Evelyn Randisi, Mrs. Patricia Hill, Mrs. Marjorie Kiviat, Mrs. Adele Norton, Mrs. Mary Lorey, Miss Gladys Bohlen, Frank Ramirez and Charles White.

Mrs. Corrine Andrus is to serve as clerk, and Mrs. Ada Reynolds will be the custodian.

The school will operate for three hours a day, 9 a.m. to noon, June 23 to August 1. Students and staff will be engaged in 29 days of remedial work in reading, arithmetic and general language.

SCORES of Daly City folks flocked to see this \$10,000-in-damages fire Friday afternoon just over the county line at 5890 Mission street. Three boys playing with matches were responsible. The blaze destroyed a shed and the rear of three apartments. SF firemen fought the thing for 30 minutes.

ADULT SCHOOL GRADUATES ITS FIRST CLASS

The first class to graduate from Jefferson Adult Evening School in its 30-plus years of history received diplomas Monday.

Established for the first time last fall, more than 50 people enrolled in the diploma course, with four completing the necessary requirements for graduation last week.

Those graduated were: Mrs. Marcia Brewer, 1368 South Mayfair; Mrs. Ruth North, 437 Willis; Raymond Hartmann, 27 San Pedro avenue, and Harold Millard, 928 Wildwood.

The Adult School diploma, according to Director John Ivan, meets identical requirements set by the local day high school and is accepted by junior colleges for advanced work in education.

The popularity of the high school diploma course has necessitated its expansion this year. Courses have been added to the curriculum for fall selection. Students planning to register.

Fire Chief Elmer Kennedy estimated damage in Tuesday's 12:10 p.m. fire at the Westlake home of Mr. and Mrs. Marvin Hoffman, 60 Creston drive, to be about \$5000.

Kennedy said the fire started in a clothes closet and spread to the bedroom, bathroom and adjoining rooms. Four firemen received minor injuries fighting the blaze. Hurt were Captains Charles Marshall, Keith Schrock, Frank Specht and hoseman Paul Di Natale.

The Hoffmans escaped without injury.

BUSINESS, INCOMES

National Poll Shows DC 'Above Average'

(Special to the Record)

NEW YORK, June 19—A detailed study of business activity in the United States, covering all parts of the country, stamps Daly City as a solid, sturdy market, with family earnings and expenditures during the past year above average.

The figures bearing this out are contained in Sales Management's annual copyrighted survey of buying power, just released.

Net incomes in Daly City during the year, after deduction of personal taxes, came to \$75,428,000, marking a gain over the previous year's \$73,655,000.

This was equivalent to earnings per household of \$7468, obtained by dividing total income by total number of households. It compares favorably with the average in other parts of the United States, \$5921 per household, and with the average in the Pacific States, \$6151.

Just how good a year it was

quarter slump, is brought home by the fact that local residents, with only .0192 per cent of the national population, accounted for .0253 per cent of the national income.

And, with more money available to them for spending, they bought freely, making 1957 a top year for retailers in general.

The sales total in the local stores reached \$49,990,000, with most lines of business benefitting. It exceeded the 1956 volume. (Continued on Page 2)

Daly City Gets '57 AAA Award: Pedestrian Safety

Daly City has won an "Excellence of Pedestrian Protection" award from the American Automobile Association for its achievement of no pedestrian deaths in 1957.

The city competed in the annual nationwide Pedestrian Protection Contest sponsored in northern and central California and Nevada by the California State Automobile Association.

Competition was keen among the 1708 cities which took part as pedestrian traffic fatalities dropped to the lowest point on record last year. The CSAA reported there were 7800 pedestrian traffic deaths last year compared with the previous low of 7950 in 1956.

'SOS' School Group Meets Again Tuesday

cial contributions are needed and may be made through Lou Pisan, Bank of America manager, Daly City branch. Address in care of S.O.S. committee.

Seventy-five citizens met Tuesday evening last week at Woodrow Wilson school to pledge their support and continue the work of this committee. Weibel gave a comprehensive resume of problems leading to this emergency election. He emphasized that with the district's constantly increasing enrollment a tax rate of approximately \$2.04 per \$100 will be required for 1958-59 school year "to keep the district at its present educational level."

Arthur Huele, committee chairman, and Martin Orloff, co-chairman, again invited all interested citizens to attend SOS committee meetings.

Auto Thief, 18, Arrested Here

Jesse "Chuy" Mesta, 18, a San Francisco student of 2173 22nd street, was arrested by Daly City police last week for stealing a '52 sedan from the Imperatrice Motors lot, 7096 Mission street.

Two other youths had driven Mesta to the site of the crime but told Officer James R. Bergstrom that they had no knowledge of the intended theft. They were released after questioning.

Shopping with Sally

One of the most welcome gifts for the young graduate is money. With graduation just past we thought there may be a few young graduates whose graduation check is just burning a hole in their pockets... so we just happen to have a few suggestions.

We think the young girl graduate would adore one of the beautiful cultured pearl drops on a solid gold chain which we found at WESTLAKE JEWELERS. Completely dainty and feminine, they can be worn over sweaters as well as the most glamorous party gowns.

The young man graduate will be pleased to know that BERNING'S in Broadmoor Shopping Center has just received a new shipment of those popular "Pendleton" shirts in new muted tones as well as colorful plaids.

Another thought for spending that graduation check is a camera and for a fine selection of cameras and photography equipment, do stop at WESTLAKE CAMERA SHOP... in fact says Owner Hap Parker it is the "most complete photographic store outside of downtown San Francisco."

Maybe mother didn't receive a graduation check but we know she would love one of the beautiful hand-inlaid tile tables at ALFRED'S INTERIORS located at 123 W. Portal avenue. We particularly liked a smart round style in a soft brown that will blend beautifully with either modern or period furniture.

For that decorator touch in your home do stop in and look at the smart mural panel draperies just received by PENNEY'S drapery department. We were particularly taken with a delicate cocoa print titled "Paris Street" on a soft eggshell background—truly a stunning drapery for your living or dining room.

Speaking of a smart decorator touch, we think you will like the colorful Grant Crest Melmac dinnerware (with a one year guarantee) which we found at GRANTS. In delightful shades of charcoal, turquoise, pink, yellow... the five piece place setting costs only \$1.98.

On the subject of homes... Fred Bargioni of FRED BARGIONI REALTY, located at 1859 Junipero Serra boulevard on "real estate row" since 1951, has sold himself on the advantage of living in this area and will be moving into a new home in Westlake Palisades next week.

Welcome also to another new business, CHAMPION AUTO PARTS, which just opened a new shop last week at 1685 Old Mission road in South San Francisco. They carry a complete line of auto replacement parts.

Northern JC Site Engineering Study OK'd By Trustees

Following study sessions and visits to sites under consideration for the northern campus, College of San Mateo trustees last week voted to

Westlake Apartments Will Have Swim Pools

Apartments with swimming pools in Westlake!

This is the newest Westlake facility now under construction by Henry Doelger. Work commenced this week on a new, deluxe, Country Club apartment building on Park Plaza drive, just south of Southgate avenue. The new structure will feature one and two-bedroom apartments surrounding a court in which there will be a heated and filtered swimming pool for the use of the tenants.

The building now under construction is the first of three being planned all of which will have separate pools. It is expected that this first building will be completed and ready for occupancy by late October or early November.

The new additions to the Country Club Apartments will bring the total in Westlake to more than 1400 units.

Belmont Seeks Daredevils For Demolition Race

While the Belmont Speedway office is kept busy taking applications for the July 5 "Marathon Destruction Derby," the 100-car demolition event is still in the background to the two weekly speed shows presented by Ted Smith.

Top gate attraction to date has been the wild and sensational motorcycle events on Friday nights. While no riders have been seriously injured, spills have brought the fans to their feet with a gasp on an average of six times per show.

The Wednesday night hard-toppers have been displaying their share of action with red hot competition. Especially since Ed Andrews, Rick Henderson and Marshall Sargent have been dueling for championship points. Andrews is not only tops at Belmont, but also leads for the state crown.

Both weekly programs have the same starting times, 7:30 for time trials and 8:30 for the first race.

Michael Nagy Fills Brisbane School Opening

Appointment of Michael G. Nagy, 853 Humboldt road, Brisbane, to the Brisbane School District governing board has been made by County Schools Superintendent James R. Torrey.

Nagy will fill the post vacated by Louis J. Duncan for a term which expires June 30, next year.

Nagy was the choice of a citizens' nominating committee consisting of Mrs. Ruth Woden, chairman; Clifford Mozzi, Sgt. Roy Edwards, Mrs. Ellen I. Bhand and Mrs. Margaret M. Galten. With their two boys, the new school board member and his wife, Dorothy, have resided in the district the past eight years.

A graduate of Goodyear College in Akron, Ohio, Nagy, an electrician, has always been a willing and cooperative worker in civic affairs, and has shown a vital interest in school activities.

Torrey's appointment of Nagy was approved by the San Mateo County Board of Education at a special meeting Monday.

National Poll Shows DC 'Above Average'

(Continued from Page 1)

Each community is rated in the survey to show its relative standing as a market, based on such considerations as number of people, the amount earned and spent and the growth outlook.

Daly City's rating, called its "quality of market index," is given as 125, or 25 per cent higher than the national average.

Successful as the year was locally, it would have been even more so had not a feeling of uncertainty developed toward its close. As elsewhere, a wait-and-see attitude was adopted by the buying public. People began salting away their money, adding to the existing backlog of savings. Today it represents a huge purchasing potential. When the spending mood returns, and these funds are put to use, business will be given a powerful surge forward, say the experts.

HIX PITCHES RYA MIDGETS TOWARD TITLE

PYA's unbeaten Midgets, sponsored by Art Colvin, last week moved closer to the Daly City championship by blanketing contender Westlake Flying A, 5-0, behind the fancy hurling of Bruce Hix.

Hix struck out 11 Westlakers, scattered five hits and walked but two. His mates got only seven hits off loser Dave Williams, who fanned four and yielded three bases on balls.

Hix slammed a triple for BYA to spark a big inning. John Vocke had three hits, and mates Allan Contreras and John Bennett each doubled.

The BYA coach cited fine catching by Marc Mallingier and Wayne Hicks for a spectacular catch in the outfield.

BYA, atop the loop with seven wins, meets Columbia Park Boys this week at Westlake park diamond.

Anderson New Director On W'lake Board

Virgil P. Anderson, Nebraska-born attorney who lives at 88 Castleton avenue, today was appointed as new director with Westlake Improvement Association.

The 35-year-old Marine Corps vet is married and has two children. He is employed by California Automobile Association.

The WIA still has one opening on the board of directors. Chairman Cass Norton and vice chairman Charles Santuccio resigned last month. Emory Schoolcraft is acting board president.

Directors on Monday also appointed Frank Haggerty, 407 Westmoor avenue, as new membership chairman, and McRobert L. Stewart, 8 Castle-mont, as architectural chairman.

Haggerty has worked for Bank of California the past nine years. Stewart is employed by White Lumber Company.

Don't be a dishwasher...BUY ONE!
P-G-E

what this billboard couldn't say...

They just don't make billboards big enough to tell all the ways electric dishwashers relieve kitchen drudgery... things like—
neatness... dishwashers keep clutter off counter-tops; keep mess out of sinks. Kitchens stay tidy morning, noon and night.
speed... 5 minutes after dinner, there needn't be a dish in sight. '58 models even eliminate the need for scraping.

cleanliness... a dishwasher uses water so hot, it actually sanitizes. All the dishes (most pots 'n pans, too) get hospital-clean.
ease... just turn a knob and a day's dishes are rinsed (several times), washed (twice) and dried... spotless... automatically.
There's a dishwasher to fit every kitchen—portable or built-in. Designs are bright, prices right.

now you know why the billboard says, "don't be a dishwasher—BUY ONE!"

Live better—electricity is cheap in California P-G-E.

HATS OFF.... TWICE NEXT WEEK

Next week brings a dual observance in Daly City with the official proclamation by Mayor Micheal DeBernardi of "Civil Aviation Day" and "Police Athletic League Week."

We need not repeat the praises of the Civil Aeronautics Administration, whose 20th birthday next Monday marks a record of progress in travel comfort and safety. The strides have been tremendous by this agency.

Locally, the Daly City Police Athletic League, organized last year to sponsor and supervise activities for youngsters, needs a long overdue boost from the community.

Patterned after the parent organization in New York City, the Daly City PAL is attempting to provide year-around projects for the kids. The objective is to encourage them in athletics and to help combat delinquency which breeds from idleness.

President John Coleman, founder of the PAL here, and his fellow officers are turning in a maximum effort with a minimum of public backing.

Finance has been the biggest roadblock to an expanded PAL program. Donations from local business and civic groups have been few and far between. Only through community support can Coleman and company further an effective PAL program.

PAL's boxing squad next Friday night entertains South San Francisco's PAL ringsters in an exhibition card at Westmoor High gym. Money from tickets will help both groups keep rolling.

Daly City scored a "first" by launching a PAL ahead of other Peninsula communities in 1957. There is no question of its value to youngsters and to the community.

But to sustain itself, it must have the backing of the many, not just the few.

Last week's school board meeting (elementary district) mustered only three of five trustees.

Mrs. Katherine Mullen could not attend the early session (it was called for 5:30 p.m., because she was on vacation and was to attend the graduation of her son that evening from Westmoor High. Mike Callan also was elsewhere.

Postcard from sunny Florida is signed by JOHN HARROLD, this paper's outstanding linotype operator, who's visiting his parents at Gainesville.

John informs the DC Chamber of Commerce that he does not prefer his native Florida to California. He merely goes home every year to sing the praises of California to the folks in the grapefruit state.

Last time we visited Florida we sat two hours in a hurricane rain to see the Gainesville Gators hold Georgia Tech to a 0-0 tie. It was so wet even the frogs were complaining.

Ladies will be ladies...et cetera.

Funny how all three retiring elementary school district veterans shied away from telling us their ages when we asked them for "farewell" statements. A woman's proudest possession is her age. Guarding it, we mean.

Last count found 14 entries in the Miss DC contest. That's a record for this town. It's about time, too.

In past years we were embarrassed to read about the long entry lists in other Peninsula communities.

Daly City is finally getting on the ball in the field of civic-promoting projects.

WHILE on vacation in Britain, former Jeff High District Supt. and Mrs. Stanford Hannah, who now live in Burlingame, are pictured at the Tower of London. They are talking to

one of the "Beefeaters," or Yeoman Warders, who guard this ancient fortress. Standing on the banks of the river Thames, the Tower was started by William the Conqueror in 1078

and has been in its time a palace, a fortress, and a prison. Now it is the showplace of the magnificent crown jewels. During their tour of the ancient City of London, Mr. and Mrs.

Hannah also visited St. Paul's Cathedral, which was rebuilt by Sir Christopher Wren after the great fire of 1666, and the Old Curiosity Shop, immortalized by Charles Dickens.

Dr. John Ivan Assumes New JUHS Post

Dr. John J. Ivan, appointed Monday as first director of instruction for Jefferson Union High School District, is a 42-year-old "young veteran" of almost 20 years in education.

Dr. Ivan received his A.B. degree from McMasters College in his native Canada, his master's in chemistry from University of Minnesota, and his master's and doctorate in education at Stanford University.

He was an executive director with San Francisco and Peninsula YMCA offices before coming to the Daly City district seven years ago. Before his appointment Monday, Ivan was completing his fourth year as dean of boys at Jefferson High School.

COUNTY SUPT. OF SCHOOLS THANKS VOTERS

Dear Mr. Bradshaw:

May I express to the warm-hearted voters of San Mateo County the deep appreciation of not only the educators, but the parents of physically-handicapped children, for their most generous support which resulted in the passage of Proposition "A."

We shall now be able to house adequately the specialized education training program which will give these children an opportunity to minimize what might otherwise be a life long dependency on others, and in many cases to become fully productive citizens.

The thanks of the parents and the children and myself to your paper, too, for the support which you gave us. It is indeed heartening to find that despite the pressures of heavy taxation and financial difficulties, the people have been willing to approve the bond issue for these most worthy youngsters.

Sincerely yours,
James R. Torney
County Superintendent of Schools

Three Daly City High Schoolers Get Scholarships

Three students from Jefferson and Westmoor High schools have been honored with scholarships to College of San Mateo.

Barbara Guisti, Jefferson High, has received the Burlingame Business Women's Club Scholarship of \$50.

Bethan Cavanaugh and Charles Kulp of Westmoor also

received \$50 scholarships to the college from Mizpah Fellowship of Pacifica.

Miss Guisti, 320 Railroad avenue, Colma, is an "A" student, very active in school affairs. She plans to study for a secretarial and business career at College of San Mateo.

Miss Cavanaugh, 1027 North Rosita Court, Pedro Valley, will study pre-nursing.

Kulp, 611 Claridge drive, Daly City, will study to prepare himself for the Air Force.

Student Vicar To Preside At Hope Lutheran

Occupying the pulpit at Hope Lutheran church, Junipero Serra boulevard and Old San Pedro road, this Sunday will be Vicar Graeme Rosenau.

Formerly assistant to the pastor at West Portal Lutheran church in San Francisco, Vicar Rosenau is spending the summer in San Francisco before returning to Concordia Seminary, St. Louis, Missouri, to complete the final year of his seminary training.

He will preach in the absence of the Rev. Louis C. Marting, pastor of Hope Lutheran church, who will spend a week in Southern California. Pastor Marting will return the following Sunday.

Seminars At SF State On School Boards

San Francisco State College will be host to school board members from Lake and Mendocino and the nine Bay Area counties in a series of seminars beginning this week. This is the first such program ever attempted in California. The seminars will focus attention on the increasingly complex problems confronting school board members in an age of mushrooming population and public concern over education.

Sponsored jointly by San Francisco State, under direction of Dr. Aubrey Haan, Coordinator of the Administration Department at the College, and the California School Boards Association, the meetings will be held from June 16-20, 7 to 9:30 p.m. in the Creative Arts Building on the campus, 19th avenue and Holloway. Groups will be small—15 or less—and headed by leaders from school boards and professional groups and members of the S.F. State staff.

Topics to be covered include: School Board Evaluation of Curriculum Practices; Citizens' Committees and the School Board; School Boards Make Personnel Practices; The School Boards' Public Relations, and Finance and Legislation. Members may attend any or all of the seminars. Individual afternoon conferences in the Education Building will provide opportunity for more thorough exploration of particular problems.

They were Lorentz Nelson, architectural engineering, 199 Bismark street; Mark Andersen, mechanical engineering, son of Charles Andersen, 256 Willits street, and Greta Garten, physical education, daughter of Mr. and Mrs. Fred Garten, 180 Lynnewood drive.

Notre Dame's Concert Slate Is Announced

Plans for the most active and gala social and concert season in the history of the reorganized Notre Dame Music Association's concert series were disclosed today by Mrs. Robert B. Donahue of Belmont, retiring president, and Mrs. Ralph K. Davies of Woodside, honorary chairman.

Climaxing the association's pre-season campaign for sponsors and subscription series ticket sales for the 1958-59 concert series, the association announced the season would open with a "bon voyage" dinner for members and concert series sponsors on an ocean liner in San Francisco Bay in September.

Each of the four outstanding concert attractions for the season will be preceded by a "pre-view" lecture, open to the public, on a subject related to the next concert, the officers said. At least one social event is scheduled for each month from September to May, including the traditional Christmas season affair in San Francisco and annual press luncheon.

The officers said persons wishing to become sponsors or purchase season tickets should address their requests to Mrs. Joseph Stephenson, 1657 Sunnyslope avenue, Belmont.

Two For Tonight

By Lenore Brewer

There are some who will find Gore Vidal's comedy, "Visit to a Small Planet" startling and thought provoking, but we grew up with a copy of "Amazing Stories" clutched in one grimey paw, and later graduated to Van Vogt, Simak and Clarke. Let's face it—there's nothing new here.

This put us a bit ahead of most of the audience at the Geary the other night, where "Visit" is currently providing a few hours of light diversion. Undistracted by the playwright's mediocre stretch of imagination, we could give our full attention to the pyrotechnical brilliance of Cyril Richard's of Kreton, a superior being who comes to Earth from another space-time continuum.

Kreton was really heading for our Civil War period, and is dressed accordingly, but a minor miscalculation has dropped him on the lawn of Roger Spelding, a television commentator played with frightening realism by John Alexander.

Malice Toward None

Kreton plans to take over Earth. Not that he has any real malice towards us, but he is stimulated by the hatred and fear that war lets loose. Standing between him and his ambition is General Tom Powers (played with bumbling earnestness by John Alexander). The latter is more accustomed to dealing with the logistics of military laundry than thinking about the hyper-special drive.

Other players are Diana van der Vlis as Ellen Spelding and Rory Harrity, who is lackadaisically in love with her. Then there's Sibyl Bown as Diana's mother, whose empty head is filled by worry of where to put their visitor.

The plot is threadbare, but the lines as delivered by Richard flicker like summer lightning across the inexplicable darkness of human behavior. When Richard comments wryly, "War is the one thing you do really well," of course you laugh. What else is there to do?

Arthur Angst Of Jeff Earns Scholarship

The Jefferson School District's P.T.A. Coordinating Committee awarded their first scholarship to a Jefferson High School graduating student last Thursday night. The first recipient of this award was Arthur Paul Angst, 10 West Cavour street, Daly City. It is the hope and intent of this group that this scholarship may be given each year.

Arthur is a young man who has shown a definite interest in languages and has now mastered a total of five: German, Swiss, French, Spanish and English. Swiss is his native language. He plans to continue his education in the field of business, with an eye to a future, combining business administration with his knowledge of languages, possibly in the import-export field.

Encouraging those young people who have the ambition and desire to continue their education in one of the principles of P.T.A. By offering this scholarship, local P.T.A.'s are providing concrete evidence of their faith in these "future citizens."

PERSONALITY SKETCH

The only television series that has the official approval of the state of Texas and Texas Rangers is "Trackdown," the popular CBS western series (Fri. 7 p.m. KPXX). Tall and handsome Robert Culp, star of the program in town last week to meet the press, certainly looks the part of the ranger hero he portrays. A native of Berkeley, Calif., the 26-year-old actor had already proved his professional ability in such television shows as "The United States Steel Hour," "Alcoa and Kaiser Aluminum Hours," "Alfred Hitchcock Presents" as well as several Broadway productions, before his present role in "Trackdown."

Prior to his dramatic career he aspired to a place on a U.S. Olympic team because of his ability as a pole vaulter; topping prep state records during his college days at Stockton Junior College.

Married to actress Nancy Asch, the Culp's are parents of a two-month-old son.

HEART SURGERY... The first "live" telecast of open heart surgery will be seen over KPXX (June 23, Mon. 10 p.m.) when an eight-year-old boy will undergo surgery at Stanford University Hospital. The surgery team of 11 members is headed by Dr. Frank Bove, associate professor of surgery, and Dr. John Osborn, associate professor of pediatrics, both of Stanford University School of Medicine. The program "Open Heart Surgery" is being produced by the San Francisco Medical Society and KPXX.

MEDICAL CONVENTION... Utilizing both television and radio in a unique way, the American Medical Association will present a series of ten radio and television broadcasts to inform physicians and public of next week's convention activities. Programs will be telecast over KQED while KR-OW will broadcast the radio segments, and will be produced locally by the television department of California Academy of Sciences under direction of Benjamin Draper, executive producer.

FIRST SETBACKS

Light-Hitting Loses Pair For Drug Nine

Terry Christman lost a proverbial heart-breaker to Dee's Associated at South San Francisco last Saturday, pitching a three-hitter, but his mates committed two errors in the first inning to allow all three runs. The Creighton-Krohn kids couldn't produce a run with their six hits off Paul Yeager, and Daly City Drugs suffered their first loss of the year, 3 to 0.

Terry walked the first man in the second, then set the next 17 batters down in order to finish the game. Mike O'Leary got two hits in three times at bat, and Christman, George Claus, Bill Hynes and Ed Walthard each got one for the team's total of six safeties.

Dee's bunched hits by Ed Guisti, Yeager and John Morris along with the errors to cinch the tilt in the first.

Barry Krohn struck out nine, five the first time around, but was touched for six solid hits and three walks, and lost to the Machinists, 6-4, Sunday at Marchbanks.

Billy Hix got two of the Drugs' four hits and George Claus the other two, one a double. Pierce, the Machinists' starter, walked Danny Luciano in the second to tie the score, and Mike O'Leary scored in the third to go ahead, but Townsend's gang bunched two hits, a couple of errors and a walk for three in the fourth and were never headed.

The DC Drug horsehiders meet Portola's strong nine this Saturday at Balboa, 11 a.m., and will play Robinson Construction, formerly South Sunset, at Marchbanks to start the Sunday Summer League on June 22.

POLICE BOXERS

DC's Dan Hermosillo 'Outstanding' In Linda Mar Junior Slugfests

Dan Hermosillo won the "outstanding boxer" trophy Saturday as Daly City's Police Athletic League kids participated in a three-way meet with Vallemar Boys Club and the San Bruno Recreation Department team.

Hermosillo got the nod in the big Linda Mar show after he won on a tko over Vallemar's Dean Greer in the 145-lb. division.

Daly City won four bouts, Vallemar took five (one over San Bruno). Hermosillo's victorious mates were Nick Lujan, 75 lbs.; Joe Fierce, 100 lbs., and Art Matias, 105 lbs. Joe Chavez of DC and Mel Matias fought to a draw in an 85-lb. scrap.

Vallemar winners were Cliff Williams, Bill Hooper, Eddie Greer, Doug Williams and Tony Ramirez.

Pro boxer Gil Cadilli, a Coastsie resident, refereed the exhibitions. Judges were Gil Mojica and Steve Passafiume. Al Rosenberg was ringside announcer.

Coaching the squads were Daly City's Ed Beecher, Ralph Matteucci and Jim Crudo, San Bruno's Jack Campbell, and Vallemar's George Rist.

John Coleman, DC PAL president, says he has "plenty of tickets" for the next outing, Friday evening, June 27, at Westmoor High School gym, when the Daly City leather tossers meet South City's PAL.

The latest figures show that an American industry has an average investment per worker of \$13,200.

The teams are: Ralph's Cleaners, Daly City Eagles, No Names, Coastsie Sea Lions, William Lagamarsino and Company, Stumble Inn, and Daly City Drugs.
